# SCOOT SAFE! SUNNY ISLES BEACH

Calling all Sunny Isles Beach residents and visitors with a motorized scooter - there's a new requirement. The city rolled out a motorized scooter registration program to enhance your safety and security.

We're introducing **Scoot Safe! Sunny Isles Beach**.

## Why Register?

If you plan to operate your motorized scooter within city limits, it's now required to complete the registration process under Ordinance 2023-609. But here's the good news - this registration is not just about following the rules; it's about safeguarding your scooter. In the unfortunate event of theft and other security concerns, having your scooter registered can make all the difference.

## Get Your Decal: It's Easy!

Getting on board with the program is easy as a breeze. Just go online and register your motorized scooter at [sibfl.net/scootsafe](https://sibfl.net/scootsafe) or simply scan the QR code. Once you're all set, we'll send you a decal in the mail. This decal is like your scooter's very own badge - simply pop it on the front of your scooter within 12 inches from the top, and you're ready to hit the road!

**Stay in Line:** If you are riding alongside another scooter rider, you must ride in single file.

**Ears Open:** While cruising, ditch the cell phone, headset, headphone, or listening device, except for a hearing aid. We need you to stay aware of your surroundings.

**Be Visible:** Your scooter should sport a reflective front white light, visible from 500 feet away, and a reflective rear red light, visible from 600 feet away. Safety first, even in the dark!

**Watch for Pedestrians:** Give pedestrians the right-of-way.

For more information about Ordinance 2023-609, please call Code Compliance at 305.792.1760.

In addition to registration, this ordinance outlines some important rules for safe scooter operation. Here's the scoop:

**Follow Traffic Signals:** Just like any other vehicle, riders must obey official traffic-control signals and signs. It's all about keeping everyone safe and sound.

**Speed Limit:** Motorized scooters should not exceed 15 miles per hour on sidewalks and should not exceed 20 miles per hour on the roadway. It's a fun ride, but let's keep it safe.

**Safety First:** If you're 16 years-old or younger, don't forget to wear your helmet. We've got your noggin covered!

**Solo Ride:** Scooters are meant for one person at a time, so it's all about your solo adventure.
